

Short Biography

Prof. Nabil Anwer is full professor in the department of mechanical and manufacturing engineering, Paris Sud University, France. He is the French director of the Sino-French PLM Innovation Center at Tsinghua University and the French director of the Sino-French Precision and Assembly Innovation Joint Laboratory at Shandong Industrial Technology Research Institute of Zhejiang University.

Prof. Nabil Anwer is a member of the International Academy for Production Engineering (CIRP) and serves as the technical secretary of the Scientific and Technical Committee Design (STC Dn). He is also member of the European Society for Precision Engineering and Nanotechnology (EUSPEN), member of the American Society of Mechanical Engineers (ASME), member of the Design Society and committee member of UNM 08 and ISO TC 213 (Geometrical Product Specifications and Verification). He serves also as the co-director of the French Research Group in Tolerancing (GRT).

Prof. Nabil Anwer has special research interests in Computer-Aided Design and Manufacturing, Tolerancing and Assembly, Design for Additive Manufacturing, Design of Cyber Physical Production Systems (CPPS), Reverse Engineering and dimensional metrology. He published and co-authored more than 200 publications.
